

RemoveDebugHook

This function removes hooks added by addDebugHook

Syntax

```
bool removeDebugHook( string hookType, function callbackFunction )
```

Required Arguments

- **hookType:** The type of hook to remove. This can be:
 - preEvent
 - postEvent
 - preFunction
 - postFunction
- **callbackFunction :** The callback function to remove

Returns

Returns *true* if the hook was successfully removed, or *false* otherwise.
