SetDiscordRichPresenceButton

> **Important Note:** To use this function, you must set up your own application setDiscordApplicationID

ADDED/UPDATED IN VERSION 1.6.0 r22270:

The function sets a custom button through which we can access the website on Discord.

Syntax

```
bool setDiscordRichPresenceButton(int index, string text, string url)
```

OOP Syntax Help! I don't understand this!

> **Method**: *DiscordRPC:setButton(...)*

Required arguments

- **index**: a int representing the index of the button (possible values: 1 or 2)
- **text**: a string containing the title of the button
- **url**: a string containing the button URL (only works with **https://** or **nrpsa://**)

Returns

Returns *true* if function succeeds, *false* otherwise.
