OnClientPedStep

This event is called when a peds foot has come on to the ground after jumping or taking a full step.

> **Note:** This event is only triggered for peds that are streamed in

Parameters

```
bool leftFoot
```

- **leftFoot**: a bool representing if it was the left foot that moved.

Source

The source of this event is the ped who stepped.

Requirements

Minimum server version	**n/a**
Minimum client version	**1.5.6.14735**

Note: Using this feature requires the resource to have the above minimum version declared in the meta.xml **<min_nrp_version>** section. *e.g. <min_nrp_version client="1.5.6.14735" />*
